

Learning

Take a look at the AES 2025 program in the online planner or mobile app to identify your can't-miss sessions, review which sessions will be recorded and available on-demand after the meeting, and add sessions to your calendar.

Program Highlights:

- The Annual Course
- Basic Science Skills Workshops
- Clinical Skills Workshops
- Investigators Workshops (IWs)
- Platform Sessions
- Poster Sessions
- Professional Development Sessions
- Special Interest Groups (SIGs)
- Epilepsy Exchange Lectures
- Symposia

Networking

Who do you want to meet? Browse speakers, poster presenters, attendees, and exhibitors in the mobile app and get in touch via the attendee directory!

Remember to:

- Have your 'elevator speech' prepared ... who are you and why are you at AES?
- Be open to making new connections!
- Take advantage of informal networking spaces at the convention center and hotels.
- Bring business cards!
- Say hello to those sitting near you during sessions.
- Always wear your meeting badge.
- Abide by the code of conduct (available on the AES website).

Exhibit Hall

Learn about the latest treatments, tools, and technologies in epilepsy and connect with industry partners, non-profit organizations, and employers with open positions to fill!

Don't Miss:

- More than 170 exhibitors and non-profit organizations
- The AES Career Fair on Saturday and Sunday
- Passport to Prizes drawings each day
- Boxed lunch served daily (first-come, first-served)
