---

## BUSINESS IMPROVEMENT DISTRICT

The mission of the South Park Business Improvement District (SPBID) is to continually support the unique living and commerce experience for its residents and businesses by facilitating a safe, clean, collaborative and wholesome environment while leveraging the opportunities that arise due to its location and role in the historic transformation of Downtown Los Angeles.

**Nestled in the Sports & Entertainment District, SPBID manages a 52-block area containing the Crypto.com Arena, L.A. LIVE, Los Angeles Convention Center, California Hospital Medical Center and the Pico Metro station.**

The BID Clean and Safety Ambassadors, easily recognized by their signature forest green South Park uniforms, patrol the district 24 hours a day, seven days a week. Their team responds to any non-emergency safety incidents in the district, assists with trespassing and other illegal activity, jump-starts vehicles and accompanies anyone walking within the district to their destination.

**To request a safety guard in the South Park District, please scan the QR code or contact the safety team:**
